Spokane Convention Center
Group Health Exhibit Hall
334 W. Spokane Falls Blvd.

Coffee, Refreshments & Discussion

Please join **Spokane Mayor Mary Verner** and members of the **Washington Clean Energy Leadership Council** for a Public Forum on the future development of the clean energy industry in our state.

EVENT INCLUDES:

PRESENTATION of the main findings in the Washington State Clean Energy Technology Leadership Plan draft
“Moving Beyond Mandates – A Plan to Collaboratively Integrate Clean Energy Technology into the Marketplace”

(download draft at www.washingtoncelc.org)

OPEN DISCUSSION AND FEEDBACK
on the Leadership Plan draft

SPONSORED BY:

Washington Clean Energy Leadership Council (CELCE), established in 2009 by Governor Gregoire, is a public-private partnership dedicated to developing a long-term strategy and actions the state can take to leverage the transition to a clean energy economy in a manner that accelerates business growth and job creation.

Find more information on the CELC and the Leadership Plan draft at www.washingtoncelc.org.
